

Introduction

Toran commenced working with Gosling Electrical in 2009 as a trademan's assistant. Shortly after, he was signed into a Certificate III Electrotechnology Electrician apprenticeship with successful completion in 2012.

Toran is one of the company's most highly trained employees with subsequent training in industry-specific competencies and qualification as a Linesman.

He has progressed within the organisation to become one of the company's senior estimators and project managers, and is highly respected by both his colleagues and the company's clients.
